Mock Interview Day is the culminating event of RE's YouthWORK summer programming that gives students an opportunity to practice the real-life skill of interviewing for a job and showcasing their learned soft skills. The YouthWORK program aids our high school students in preparing for their futures through job-readiness training, SAT/ACT workshops, career exploration, and mentorship. Participants develop leadership skills and a sense of accountability through YouthWORK and are also expected to develop personal education plans for the upcoming school year prior to the completion of YouthWork programming.

We are in need of volunteers to serve as mock interviewers for YouthWORK students. Each volunteer will interview approximately 2 students. Volunteers will also be provided with the students' resume, interview scoring rubric and sample questions. Additionally, we ask that volunteers participate in a small-group panel session offering feedback on student performance and discussion of your career fields.
